Notes

Schedule that applies to each paddy field (AV-CG-06): SL-PADDY-MINNERIYA (Polonnaruwa) and SL-PADDY-KALAWEWA (Anuradhapura) fall under the Intermediate and Dry Zone irrigated schedule. SL-PADDY-MATUGAMA (Kalutara) falls under the Wet Zone rainfed schedule. SL-PADDY-SAMMANTHURAI is irrigated but Ampara district is not on the irrigated Intermediate and Dry Zone list, so its fertiliser questions go to the Grama Niladhari division recommendation and the Agriculture Instructor (AV-POL-03, item V6).

Each field has its own record (AV-FR-01 to AV-FR-04) with the season log, satellite observations and cultivator notes.
